

Dear Sir

Rome 14th June
152. quatt. postane.

In consequence of your letter from the
1 July I have written to Mr. Bryant
immediately and yesterday I have handed
over to Mr. Mackie, the American banker,
six catalogues of the Etruscan Museum
in french, to be sent directly to the
address of Mr. Bryant, that he may
be able to form a just appreciation,
of the whole content of the celebrated
museum. and to furnish an exemplary
of the catalogue to such influential
persons as he may judge proper. I
have begged in the mean time that
He would honor me with an answer.
I should be glad to know the real

State of the question before the
20 of August as I intend then to leave
for Berlin, where, if I could not receive
any conclusive answer I would be able
to renew ^{there} the propositions personally
for the purchase of this valuable collec-
tion.

You did not mention in your letter
if you intended to visit Rome and
at which time of the year? I should
be happy if your countrymen would
entrust you with the conduct of this
business.

In attention of your kind communications
I have the honor to be

Dear Sir

Yours most obedient
Emilius Wolff.

Emilius

Emilia Hoff
