Dear Sir

Your MS has arrived safely, & I have put it into Mr Maitland's Hands, who is the acting Partner of Shepherd & Co in Publishing matters, & will attend to your orders.

I should say decidedly — if you wish the Pamphlet to be noticed at all, your name should appear as Author. Otherwise it will pass unregarded from the press amidst the crowd of matter on similar Topics. Called forthly

Recd Sept 1.

I shall write again as soon as
anything occurs about the
